

## *Signature Blend Ice Melt*

- ✓ Melting Power -15°
- ✓ Calcium chloride
- ✓ Organic polymers
- ✓ Leaves a non-tracking brine film
- ✓ PREMIUM all around product
- ✓ Anti-caching agent
- ✓ Superior melting
- ✓ Breaks the bonds of ice and snow
- ✓ Non-staining water soluble color
- ✓ Corrosion Protection
- ✓ Rust Inhibitor

**Signature Blend** is fast acting at breaking bonds between ice and surfaces and is potent enough to melt to -15° while being safe to handle when used according to directions. It contains **calcium chloride**, **organic polymers**, other proprietary ingredients, sodium chloride, **anti-corrosion** and **anti-caching agent**, and a **rust inhibitor** along with a **water-soluble color**, which will help with the spread pattern and it will not stain surfaces when used as directed. It is designed to dissolve quickly so that there is less tracking indoors and leaves a brine film to help reduce additional icing that may occur afterwards.

**Signature Blend** has become one of our top sellers and popular with contractors, landscapers, and homeowners where hand spreading is the preferred way of spreading ice melt.

*Pets: We do not describe our products as pet safe because each pet can react differently and be more or less sensitive than others, so please keep close attention to your pet if it comes into contact with product. All ingredients are natural and safe but each pet and incident is varied and therefore you should use caution when using this product.*

*Safety and Directions: Always wear eye protection, gloves, and proper clothing and rinse your hands and eyes thoroughly if you come into contact. Always read product directions before using this product. It is always best to make multiple applications verses a heavy application.*

*No warranty is implied or expressed including but not limited to merchant ability or fitness for a particular purpose is made concerning this product.*
