| ✓ Leaves a non-tracking brine film         | ✓ Corrosion Protection             |
| ✓ Premium 13lb <i>fast acting ice melt</i> | ✓ Rust Inhibitor                   |
| ✓ Anti-caking agent                        |                                    |

Our **SHAKER** jugs contain 13lb of our PREMIUM product **Signature Blend**. It is fast acting at breaking bonds between ice and surfaces and melts to -15° while being safe to handle when used according to directions. Made with **calcium chloride**, sodium chloride, **organic polymers**, other proprietary ingredients, and a **water-soluble color**, which helps consumers see their spread pattern that will not stain surfaces when used as directed. It dissolves quickly so less indoor tracking and leaves a brine film to help reduce any additional icing afterwards. Our **SHAKER** particles are **99.9% blended for instant melting results while others just combine particles, which means you have to wait for it to start melting.**

*Pets: We do not describe our products as pet safe because each pet can react differently and be more or less sensitive than others, so please keep close attention to your pet if it comes into contact with product. All ingredients are natural and safe but each pet and incident is varied and therefore you should use caution when using this product.*

*Safety and Directions: Always wear eye protection, gloves, and proper clothing and rinse your hands and eyes thoroughly if you come into contact. Always read product directions before using this product. It is always best to make multiple applications verses a heavy application.*

*No warranty is implied or expressed including but not limited to merchant ability or fitness for a particular purpose is made concerning this product.*
